5-YEAR GIRL WON WITH PONY

Mercedes Anderson Took the
Prize at Horse Show in
San Francisco

The many friends of Mr. and Mrs. J. S. Anderson who visited the islands last summer will be interested in the following account from the San Francisco Chronicle, of the performance of Mercedes Anderson, the sprightly little five-year-old of the Andersons:

The proudest, happiest, most contented little girl in the whole United States today is little Mercedes California Anderson of Fruitvale, who, mounted on her little pony Peekie, won the much-coveted championship ribbon in the riddle pony class at the Society Circus and Horse Show Saturday afternoon. And what makes her still more delighted at her victory is the fact that her own father, J. S. Anderson, was one of the other ten contestants in this event.

One of the most astonishing features of the entire horse show was the performance of this daring mite of humanity, and storms of applause greeted her as, faultlessly, she posted her mount and put it through its paces under the critical gaze of the judges. Little Miss Anderson is not yet five years old, and ever since her second birthday she and her pony have been inseparable companions. Her father and mother being ardent horse lovers and expert riders, she has had excellent opportunities to receive the schooling which culminated in her becoming the youngest of champions. Although very proud of her achievement, Mercedes is not at all egotistical, and concedes half of the honor to her adored Peekie. Head Judge John W. Considine said yesterday that he considered the exhibition of this youthful equestrienne to be the most remarkable juvenile performance he has ever witnessed.

PORTUGAL'S MINISTER PAYS HONOLULU VISIT

En route from San Francisco, where he selected a site for the Portuguese exhibit at the Panama-Pacific International Exposition, to Japan and China as Portuguese ambassador to both countries, Senhor Jose Batalha de Freitas and his wife, Mme. Sofia Batalha de Freitas were visitors in Honolulu yesterday.

During their short stay here the distinguished couple were entertained by Consul General A. de S. Canavarro, being taken on an automobile sightseeing tour while the Tenyo Maru lay at her berth in the harbor. As the representative of the latest European republic, Senhor Batalha de Freitas will be stationed at Peking, in the latest Asiatic republic, having also headquarters at Tokio, Japan.

He has been in the Portuguese diplomatic service a number of years, and until six years ago had been his country's minister to the Japanese Imperial court. He is returning from a month's visit in California and incidentally was the second representative of a foreign power to select a site for an exhibit at the big international exposition.

NEW SHOE STORE OPENS TOMORROW

The New York Shoe Co. will open tomorrow with a complete and up-to-date line of shoes for men, women and children. They are selling agents for the Kumfort shoe and will push that line of popular shoes.

Eddie Lam Kee, the manager, recently returned from the mainland, where he personally selected the latest lasts for every-day wear. He also selected shoes for the holiday season. It is the intention of the management to make the New York Shoe Co. a popular-price store and by doing business on a cash basis they expect to undersell their competitors.

Tomorrow evening a Hawaiian quintet club will give a concert to which the public is cordially invited. A number of clerks will be on hand to show the goods. The store is located on Nuuanu street near Hotel.

AT THE LIBERTY THEATRE.

An interesting feature, to local auto enthusiasts, will be the picture advertised for exhibition at the Liberty Theatre tonight, it being a moving picture of the local auto races held at Kapiolani Park.

The picture is particularly clear and shows the various autos in the entire program of races, while another feature of the picture that will doubtless be of interest to many is a view of the crowds in which dozens of local celebrities are caught by the camera-man unawares.

Tomorrow will be the last night of the Trans-Oceanic Company, and last night of the auto-race picture.

HAWAII'S SERVICE A SUCCESS

That this little theater has struck a popular chord in inaugurating their new direct service of feature films, was proved by the fact that two record-sized audiences visited the playhouse last night to see and admire the full bill of five reels secured. The subjects are really immortal, but the strong fact remains that all were good and the audiences went away happy. The management is to be congratulated on this method of increasing the popularity of their cozy little theater.

An earthquake shock believed to have occurred in Southern Indiana or Illinois was recorded at the observatory at Cleveland, Ohio.

Thousands of women are using various forms of antiseptics as preventives of disease and safeguards to good health. Many such preparations in use are actually worthless and positively dangerous.

Tyree's Antiseptic Powder is absolutely safe to use, and has been recommended by physicians for more than twenty-one years. Unequaled as a preventive of contagious disease, unsurpassed as a douche and highly efficacious in avoiding contagion, healing diseased tissues, ulcers and delicate membrane passages. A 25-cent package will make two gallons standard antiseptic solution. Sold by druggists everywhere. Send for booklet and free sample.

KING PICKS UP MOVING PICTURE MAN.

The camera operators of the moving picture companies are ever on the go to show the people of the world what is happening. Alfonso, of Spain, while motoring recently on a road some forty miles from Madrid, passed a Pathe Freres man who had recently taken motion pictures of his majesty in the royal palace. "Get it!" called the king of Spain as the car stopped. And his majesty carried the camera man all the way to Madrid, talking, on the way, of motion pictures with all the enthusiasm of the garden variety of picture fans. These newsgatherers by camera seem to be omnipresent. — Gilson Willets in National Magazine.
